

## April 2025 Bulletin

Welcome to the April Newsletter. Spring work is well on and we have some availability to assist you at this time.

If you have started your SFP claim you will know that you require two plans towards sustainable farming. We can assist with Carbon Audits and Soil Sampling - both fully funded.

If you would like to promote or highlight something in a future E-Bulletin please e-mail Bruce.

Ring the Ring for Anything.

## Straw for Dung

We have a member looking to do a straw for dung deal in Central Fife.

He has approx. 400t of dung available and would deliver in 100/150t batches over the winter for the exchange of approx. 200 Heston straw bales ideally Barley but would consider oat or wheat bales too.

If this is any interest to you, please contact the office and we can put you in touch

## March Rugby Success

Tayforth Machinery Ring would like to say a huge congratulations to Howe of Fife Rugby club who won the 2024/2025 men's national league division 3 on Saturday. Tayforth is proud to sponsor the Rugby Club.

## Tayforth continues to support RHET

Tayforth Machinery continues to support the Royal Highland Education Trust (RHET), by sponsoring buses to allow the children to go out into the countryside to learn about the farming industry. Recently children from Carnock Primary School, Dunfermline went out to visit Tayforth member James Scott at Remiltoun Farm where everyone learnt a lot and had a brilliant time.

## Does your Chimney need Swept?

Nothing beats sitting in front of the warm open fire or stove after a long cold day, but do you ever ask yourself when was the last time we had our chimney swept?

Why Sweep my chimney?

- To Protect Your Health – If your flue isn't clear, it could cause fumes to enter the room causing damage to your health.
- To Avoid a Chimney Fire – Sweeping your chimney regularly will hugely reduce your chance of a fire and the damage this can cause.
- To Avoid Smoke Damage – If the flue is partly blocked then the restricted flow could cause smoke to enter the house causing damage to your room and fixtures.

And lastly some insurance companies may not pay out for damage if there has been no record or cleaning of the chimney by a trained professional.

---

## GLA Labour Supply

It's well documented and everyone knows the real time issues in employing or getting seasonal workers. Tayforth currently have a few labour suppliers and would like to introduce another GLA registered supplier.

If you have any labour requirements we will always do our best to try and get your positions filled. Ring the Ring for your Enquiries.

CDS are an established, vibrant labour agency, quickly becoming one of the fastest growing GLAA (Gang Master & Labour Abuse Authority) Licensed Labour Providers supplying many clients right across the UK in the Agriculture, Horticulture, Industrial, Poultry & Driving sectors.

## Training Update By Lynne

Spring is here 😊 and hope all the spring work is going well.

We run most training courses all year, so if there is something that you have forgotten, please get in touch anytime.

Reminder if anyone is looking to dip your own sheep, we can offer Sheep Dipping training plus NPTC Assessment/computer test to follow.

We are still providing Driver CPC (Certificate of Professional Competence). All professional drivers of these vehicles must hold a Driver CPC if they want to drive for a living. Perhaps more applicable to the Agricultural sector is the driving of lorries and this includes any lorry 3.5t upwards. Any new drivers can have this included within the usual testing procedure which you would undergo however, existing drivers need to attend a 1 day classroom based course. Once this initial qualification has been passed, both new and existing drivers need to complete 24 hours of periodic training every 5 years. These courses are running frequently, so please contact us to arrange.

There are currently still available places on the courses noted below:

Tractor Driving for 13-15 year old	16th & 17th April
First Aid At Work Refresher	21st & 22nd April
Emergency First Aid	29th April & 22nd May
All Terrain Vehicle – Sit In	28th, 29th & 30th April
Telescopic Forklift	2nd May
Rodent Management	8th May
First Aid at Work	12th – 14th May
PA1	26th May
PA6	27th May
2 Day Chainsaw: Maintenance & Cross Cutting	26th / 27th May
5 Day Chainsaw: Maint, Cross Cutting &	14th – 18th April
Felling up to 380mm	TBC

Our prices are very competitive, ring the ring for anything!

For any other training requirement, as always, please contact Lynne at the office by phone (01577 830616) or by e-mail ([lynne@tayforth.co.uk](mailto:lynne@tayforth.co.uk)).
