

June2025 Bulletin

Welcome to the June Newsletter.

The weather has been very good for crops this season, although grass growth was slowed with the extended dry period. This should catch up soon.

The ongoing nightmare of BT accidentally disconnecting our main phone number 01577 830616 is ongoing. We still have the other line 01577 830709 and are in the process of moving to internet phones. This will be resolved before harvest. If the phone is engaged, please email us and your request will be dealt with quickly.

Hopefully we will see many of you at the Highland Show next week. Pop in for a chat and a drink.
