

January 2026 Bulletin

Welcome to the January E-Bulletin.

The January Weather has arrived and although with only a small dusting of winter snow for central Scotland, and Fife with the North receiving the largest share. We have already been organizing Snow clearing for NHS Blood Scotland and other members.

We start January 2026 in the New Office with Jess having now joined the team. Bruce officially retired from his duties as Tayforth Manager as of the 31st December, but remains on call for his expertise and experience.

At the moment there is no update on a replacement, the Tayforth Board will be looking at this and will make an announcement in due course.

Tayforth Handbook Adverts

If you are interested in having an advert in the upcoming 2026 handbook please let us know ASAP, as the book will be getting finalized and going to the printers shortly. This offers great value for money with the book going to an audience of well over 1200+ recipients and being out there for over a year.
